UNIT OUTLINE

1. INTRODUCTION

Unit: E-Business Marketing (delivered online)
Year and Semester: 2010-2011, Summer Semester
Unit Convenor: John Edwards
Unit Moderator: TBC
Manager, Online Programs: Michael Matthew
Prerequisites / Corequisites: None
Credit Points: 4 Points

Students in this unit should read this unit outline carefully at the start of semester. It contains important information about the unit. If anything in it is unclear, please consult the Unit Convenor, John Edwards.

2. ABOUT THIS UNIT

*MKGT804 E-Business Marketing* is a postgraduate Business Management course offered **online** at Macquarie University, in the 2010-2011 Summer Semester.

The purpose of E-Business Marketing is for students to acquire the skills necessary to develop and implement strategies for new-generation marketing and business development opportunities within their organizations. This unit is designed to introduce students to conceptualising, developing and using marketing computer-mediated environments (CMEs). Students are introduced to the concept of e-business marketing as a metaphor for skills and capabilities required for 21st century marketers, based around marketing orientation as both customer value creation using CMEs, and viewing marketing as a set of information flows using new and emerging electronic business technologies.

*MKGT804 E-Business Marketing* is a 4 point credit subject, included in the Master of International Business; MCom Business, and MCom Marketing Degree Programs.

*BUS800 E-Commerce Strategy* is also another unit available to study for students who are interested in this field.
3. Teaching Staff

Convenor / Lecturer:

John Edwards
Email: jcpedwards@optusnet.com.au (preferred method)
Phone: 0417 066 068
Linkedin: http://au.linkedin.com/in/jcpedwards

Moderator:

Online Manager:

Michael Matthew
Email: mandm@bigpond.net.au
Phone: 0402 409 454

3. Consultation Times

Your on-line Convenor and Lecturer, is available for regular consultation through Blackboard, either using the discussion room facility or by private email, depending on the nature of the correspondence.

EMAIL and phone calls will be responded to within the day.

4. Classes

The on-line program is conducted through Macquarie University's On Line Teaching Facility (Blackboard)

- When studying on-line, your computer is the classroom
- Blackboard is where,
  - you will interact and liase with the Lecturer and other students
  - your assessment tasks will be completed and submitted on-line
  - you conduct your final exam

The full resources of Macquarie University including the MU Library are available to on-line students.
5. **REQUIRED AND RECOMMENDED TEXTS AND/OR MATERIALS**

**Prescribed Text(s)**

There is no set Textbook but a *Book of Readings* has been developed for this Unit and is set up as Hyperlinks within the Readings area of the Unit in Blackboard.

**Recommended texts, articles, and publications**

In addition to the *Book of Readings*, students are strongly encouraged to read widely in the area and to particularly use the World-Wide-Web as a powerful source of research in this subject. Students should be aware that apart from the conventional marketing and business journals, there are new online journals and websites, covering the latest developments in electronic marketing and electronic commerce. For example, *The Australian, Australian Financial Review*, and *Business Week* have special IT sections, every week.

Most supplemental readings and background materials will be published on-line, as noted in the course schedule. If there is a need for printed supplemental readings they will be placed on e-reserve in the Library.

A list of e-marketing Industry news websites and resources can be found on Blackboard / OLMKTG804

6. **TECHNOLOGY USED AND REQUIRED**

It is a more satisfying experience if students have remote access to Macquarie University website / Blackboard through broadband.

The OLMKTG804 unit:

- Uses ‘normal’ software that is on your PC (or is downloadable for free from the Web) and you do not need any special software
- Uses the i-Lecture application and videos
- Should any students have access problems for the videos or i-Lectures, you should first go to this help guide: [http://online.mq.edu.au/docs/qgilec.html](http://online.mq.edu.au/docs/qgilec.html)
- If you are still having troubles = contact the Convenor, John Edwards

7. **UNIT WEB PAGE**

- The web page for OLMKTG804 can be found at: [http://learn.mq.edu.au/webct/cobaltMainFrame.dowebct](http://learn.mq.edu.au/webct/cobaltMainFrame.dowebct)
8. LEARNING OUTCOMES

The learning outcomes of this unit are that on successful completion of E-Business Marketing, students should be able to:

1. Understand a grounded approach to e-business and e-marketing based on marketing within and using Computer-Mediated Environments (CME’s)
2. Understand contemporary and emerging skills and capabilities required for Marketing in the digital age.
3. Understand symbiotic development of infrastructure that contributes to current and emerging E-Marketing frameworks, models and philosophy – for both developed and emerging countries.
4. Gain an introduction to newer marketing philosophies and practice based on Search-Engine Marketing, Collaborative and Social Media, and Virtual Worlds
5. To conduct online discussions on an E-Marketing Applications and Issues.
6. Gain an introduction to methodologies to explore and develop insights and strategic conversation on new and emerging e-business technologies, products and services.

9. GRADUATE CAPABILITIES

Macquarie University seeks to develop generic skills for students, building flexible outcomes for life and for the workplace over a life's career. These skills include:

- foundation skills of literacy, numeracy and information technology;
- self-awareness and interpersonal skills, such as the capacity for self-management, collaboration and leadership;
- communication skills for effective presentation and cultural understanding;
- critical analysis skills to evaluate, synthesise and judge;
- problem-solving skills to apply and adapt knowledge to the real world; and
- creative thinking skills to imagine, invent and discover.

10. TEACHING AND LEARNING STRATEGY

Blackboard is the key e-learning platform for communication to students undertaking OLMKTG804 E-Business Marketing. You access Blackboard via the Macquarie University website. You need to log in using your student ID and password.

How this unit is taught:

- Reading the learning materials (both lecture material and the Book of Readings)
- Class discussions with the Lecturer and other students
  - Student discussion and participation is encouraged and emphasised in all online classes and on Blackboard / OLMKTG804 / Discussion Board
- Assessment Items:
  - Class discussions of weekly seminar topics
  - Developing an E-Business Marketing Plan
  - Completing and passing a Final exam
• Communication with Students/Lecturer will be conducted both in online through Blackboard. This includes:
  o Posting messages, both public and private (MAIL)
  o Posting comments/discussion items (DISCUSSION ROOMS)
  o Accessing and printing lecture material (PRINTING OFF NOTES)
  o Submitting Assignments (ASSIGNMENTS)
  o Conducting the Final Exam (QUIZ)
  o Accessing Grades and Marks (MY GRADE)

• The Convenor will use the i-Lecture application for all Lectures which are posted in Blackboard.

For this unit you should allocate time for:
• reading the materials as specified in the Course Schedule
• engaging with the learning materials
• participating in the weekly seminar topic discussions
• working and collaborating on your E-Business Marketing Plan
• studying for your Final Exam

The List of Topics Covered in E-Business Marketing include:

• E-Marketing Landscape: Past, present, Future
  o Converged Digital Media Platforms
  o Web 2.0
• E-Marketing Strategy and E-Business Models
• Living in a Mobile World
• Developing and Delivering Goods and Services online
• Building “Online Presence” Through Branding and Customer Interface
• The Web – New Channels, New Worlds
• E-Marketing Information Management- Market Information
  o Online Market Research
• E-Marketing Information Management- Customer Information
  o One-to-One Marketing
  o Database/Interactive Marketing
  o CRM, Analytics
• E-Marketing Information Management- Communications, Advertising and Conversations
  o Social Media
  o Search-Engine Marketing/Optimisation
  o Word-of-Mouth/Viral Marketing
  o Advertising
  o B2B E-Marketing

11. Research and Practice

- This unit uses research from external sources (references)
- This unit gives you practice in applying research findings in your assignments
- This unit gives you opportunities to conduct your own research

12. Relationship between Assessment and Learning Outcomes

The assessment system has been designed to help students learn and apply the concepts introduced during the course.

The purpose of the assessment is to assess
- the extent to which you understand the concepts, ideas and theories introduced;
- your ability to apply these concepts to your own experience; and
- your ability to develop and support an argument and recommendations

OLMKTG804 E-Business Marketing is assessed by weekly topic discussions, an E-Business Marketing Project and a Final Examination.

<table>

<td>Final Exam (individual)</td>
<td>Friday 18 Feb 2011</td>
<td>50%</td>
</tr>
</tbody>
</table>

Achievement of an overall mark of 50% is required to pass the unit.

Students need to pass the Final Exam to pass this unit.

a. Topic Discussions

Individual (20%)
Addresses Learning Objectives 1, 2, 3

Students will be encouraged to participate in the weekly discussion on contemporary seminar topics to gain insights into key E-Business Marketing challenges, developments and implementation issues.

In Weeks Two to Nine, we will have discussions of selected topics, which relate to the lecture material in that week.
At the beginning of the week (Monday), the Lecturer will post discussion questions onto Blackboard in the OLMKTG804 / DISCUSSION AREA. Students will then be given the opportunity to research these areas and comment on the discussion topic. The Lecturer will be observing and contributing to the discussions each week, so as to encourage a “lively” and “interactive classroom”.

Students are expected to contribute to the discussion area throughout the whole summer semester. Students who regularly contribute to the discussions will be rewarded accordingly.

This assessment item is worth 20%.

b. Project

Individual (30%)
Addresses Learning Objectives 1, 2, 3

Each student will be required to participate in a major project describing and/or investigating an E-Business Marketing initiative. The project involves developing a plan for an existing organisation which is introducing, improving or upgrading an E-Marketing initiative. The project is designed to provide students with an insight as to how marketing technologies, tools, and applications can be used in the context of the development of e-marketing strategy and implementation.

The plan should, utilise the frameworks or approaches from the E-Business Marketing subject.

Project Proposal

Each student must select a company or organisation that is real (not hypothetical) and if possible may be accessed as if the group is really the business strategist hired by a new or existing business to write the strategy plan for e-business marketing initiatives.

This project is not literature review or just a collection of online material reviewing an existing large company’s published E-Marketing proposals or accomplishments.

Domestic and International companies and organisations may be selected by students.

A 1 page Project Proposal must be prepared and submitted electronically via Blackboard by the commencement of Week 4.

Project Proposal Checklist:

- Description of what the is about and the initiative to be reported
- Company Name and Brief Background
- Research objectives, design and data collection methods
Timings and Submitting the Project

The Project Report must be submitted via Blackboard in the ASSIGNMENT area no later than 1800 on Sunday 6 February 2011.

Recommended Project Structure:

E-Business Marketing Project Report Checklist

| ✓ | Student Name, ID, Email-Address, and Title of Paper on the Cover Sheet |
| ✓ | Table of Contents |
| ✓ | Executive Summary |
| ✓ | Clear Description of what the project is about and the initiative to be reported |
| ✓ | Clearly Structured Sections And Headings for The Body of the Report |
| | • Analysis using E-Business frameworks and/or approaches |
| | • Key Research Findings (use of secondary research) |
| | • Objectives and Strategies |
| | • Recommendations |
| | • Conclusion |
| ✓ | References |
| ✓ | Appendices |

Formatting Requirements:

- In format, presentation and content, the plan should look like a professional plan.
- Maximum 20 pages, Appendices excluded from Page-Count
- 12-point Font
- At least 1.5 line spacing
- *Harvard* Referencing Format

Assessment Guide for the Project:

- Research and Analysis (40%)
- Objectives and Strategies (30%)
- Recommendations (20%)
- Presentation of Report (10%)
c. **FINAL EXAM**

**Individual (50%)**
**Addresses Learning Objectives 1, 2, 3**

The final examination will be conducted online (using the Internet) at a venue close to your place of residence. All exams will be ‘typed’. All exams will be ‘closed book’.

- ‘Non-Sydney’ exams will be in a city where Macquarie University has an agent or other representation, under supervision.

- Sydney based students will do their exams in a computer lab at Macquarie University’s North Ryde campus, under supervision.

**The FINAL EXAM is scheduled on Friday 18 February 2011**

You are expected to present yourself for examination at the time and place designated in the University Examination Timetable. The timetable will be available in Draft form approximately eight weeks before the commencement of the examinations and in Final form approximately four weeks before the commencement of the examinations.

http://www.timetables.mq.edu.au/exam

The only exception to not sitting an examination at the designated time is because of documented illness or unavoidable disruption. In these circumstances you may wish to consider applying for Special Consideration. Information about unavoidable disruption and the special consideration process is available at http://www.reg.mq.edu.au/Forms/APSCon.pdf

If a Supplementary Examination is granted as a result of the Special Consideration process the examination will be scheduled after the conclusion of the official examination period. (Individual Faculties may wish to signal when the Faculties’ Supplementary Exams are normally scheduled.)

The Macquarie university examination policy details the principles and conduct of examinations at the University. The policy is available at: http://www.mq.edu.au/policy/docs/examination/policy.htm
13. GRADES

Please refer to the Handbook of Postgraduate Coursework Studies 2010.

Academic Senate has a set of guidelines on the distribution of grades across the range from fail to high distinction. Your final result will include one of these grades plus a standardised numerical grade (SNG).

On occasion your raw mark for a unit (i.e., the total of your marks for each assessment item) may not be the same as the SNG which you receive. Under the Senate guidelines, results may be scaled to ensure that there is a degree of comparability across the university, so that units with the same past performances of their students should achieve similar results.

It is important that you realise that the policy does not require that a minimum number of students are to be failed in any unit. In fact it does something like the opposite, in requiring examiners to explain their actions if more than 20% of students fail in a unit. The process of scaling does not change the order of marks among students. A student who receives a higher raw mark than another will also receive a higher final scaled mark.

For an explanation of the policy refer to:
http://senate.mq.edu.au/rules/detailedguidelines.doc

14. ACADEMIC HONESTY

The nature of scholarly endeavour, dependent as it is on the work of others, binds all members of the University community to abide by the principles of academic honesty. Its fundamental principle is that all staff and students act with integrity in the creation, development, application and use of ideas and information. This means that:

- all academic work claimed as original is the work of the author making the claim
- all academic collaborations are acknowledged
- academic work is not falsified in any way
- when the ideas of others are used, these ideas are acknowledged appropriately.

Further information on the academic honesty can be found in the Macquarie University Academic Honesty Policy at
http://www.mq.edu.au/policy/docs/academic_honesty/policy.html
15. Grading Appeals and Final Examination Script Viewing

If, at the conclusion of the unit, you have performed below expectations, and are considering lodging an appeal of grade and/or viewing your final exam script please refer to the following website which provides information about these processes and the cut off dates in the first instance. Please read the instructions provided concerning what constitutes a valid grounds for appeal before appealing your grade.

16. Special Consideration

The University is committed to equity and fairness in all aspects of its learning and teaching. In stating this commitment, the University recognises that there may be circumstances where a student is prevented by unavoidable disruption from performing in accordance with their ability. A special consideration policy exists to support students who experience serious and unavoidable disruption such that they do not reach their usual demonstrated performance level. The policy is available at: http://www.mq.edu.au/policy/docs/special_consideration/procedure.html

17. Student Support Services

Macquarie University provides a range of Academic Student Support Services. Details of these services can be accessed at http://www.student.mq.edu.au.

18. IT Conditions of Use

Access to all student computing facilities within the Faculty of Business and Economics is restricted to authorised coursework for approved units. Student ID cards must be displayed in the locations provided at all times.

Students are expected to act responsibly when utilising University IT facilities. The following regulations apply to the use of computing facilities and online services:

- Accessing inappropriate web sites or downloading inappropriate material is not permitted. Material that is not related to coursework for approved unit is deemed inappropriate.
- Downloading copyright material without permission from the copyright owner is illegal, and strictly prohibited. Students detected undertaking such activities will face disciplinary action, which may result in criminal proceedings.

Non-compliance with these conditions may result in disciplinary action without further notice.

Students must use their Macquarie University email addresses to communicate with staff as it is University policy that the University issued email account is used for official University communication.
